

## **SUMMARY OF CASES REPORTED TO MISSING CHILDREN SA**

(For the term: 1 December 2014 – 30 November 2015)

Please note that the following figures are only based on cases reported to Missing Children SA and do not reflect all the cases reported to SAPS.

According to the Missing Persons Bureau, a child goes missing every 5 hours in our country. In 2013 they recorded 1697 cases of missing children reported to the South African Police Service.

Our case load increases every year – not necessarily only because more individuals go missing, but also because more people become aware of Missing Children SA and the service we render.

Our overall figures for the term mentioned above look as follow:

### **1 December 2014 – 30 November 2015**

<b>Category</b>	<b>Adults</b>	<b>Children</b>	<b>Total</b>
Missing	395	265	660
Found	252	200	452

Therefore, we have an overall success rate of 68%. For the children's cases alone our success rate is 75%. It is an unfortunate reality that 6% of the children found again, were found deceased. Every year we see the success rate decrease – we cannot say for a fact that it is because fewer children are found again, or perhaps because more cases are reported to our organisation.

Herewith a breakdown of our total cases per province:

<b>Province</b>	<b>Adults</b>		<b>Children</b>		<b>Cases Reported</b>	
	<b>Missing</b>	<b>Found</b>	<b>Missing</b>	<b>Found</b>	<b>Missing</b>	<b>Found</b>
Gauteng	158	99	112	79	270	178
Western Cape	175	114	107	92	282	206
KwaZulu Natal	20	12	9	4	29	16
Free State	2	2	4	4	6	6
Eastern Cape	8	5	14	10	22	15
North West	11	6	3	3	14	9
Limpopo	6	5	11	4	17	9
Mpumalanga	13	8	5	4	18	12
Northern Cape	2	1	0	0	2	1

We group the reasons children are reported missing in the following categories (see % for each category):

<u>Category</u>	<u>% of Cases Reported</u>
General (Reasons Unknown)	52.1%
Run-Aways	41.9%
Kidnappings	1.8%
Child Found – Seeking Family	0.4%
Parental/Family Abduction	3.4%
Confirmed Human Trafficking	0.4%

**Please note: On a daily basis we are striving to make more and more people aware of the reality of Human Trafficking. We are sure more cases reported to SAPS as well as to our organisation are because of Human Trafficking, but at this stage it cannot be proven. According to the International Labour Organisation it is estimated that 1.2 million children are trafficked each year. Furthermore, 32 billion dollars profit is generated annually from Human Trafficking.**

Below, please find the break-down (in percentage) of the different ages of children reported to our organisation (1 December 2014 – 30 November 2015):

<u>Age</u>	<u>Percentage</u>
0 – 6 years	14%
7 – 12 years	17.8%
13 – 17 years	68.2%

The month with the most cases reported to our organisation was **August 2015 with 90 cases.**

The month with the least cases reported was **April 2015 with only 35 cases.**

**Totals of individuals found deceased:**

Children - 12  
Adults - 34

**The racial group distribution:**

<b>African</b>	<b>Coloured</b>	<b>Caucasian</b>	<b>Other (Indian, Asian)</b>
28%	31%	37%	4%

## **About Missing Children SA**

Missing Children SA is a **registered NPO and PBO** that **assists the authorities when an individual goes missing in South Africa, for any reason whatsoever**. We work closely with the South African Police Service and other government bodies as well as other NGO's and private initiatives, to assist in the recovery and safe return of any missing person.

**Our first tier is that of an emergency response service**. We have a national helpline for incident reports and callers are advised on which immediate steps to take in logging the incident officially so as to ensure efficient and timeous action. **Secondly, by activating a vast national social and media network** we distribute flyers of missing children, creating mass awareness of the individual and maximising the chances of that child being recovered. **Lastly, since prevention is the most efficient way to keep our children safe, we strive to educate** both parents/guardians and children on the dangers of abduction and human trafficking etc. We also liaise with the investigating officers on the case so as to ensure a continuous flow of information between the parents and authorities.

Our website [www.missingchildren.org.za](http://www.missingchildren.org.za) acts as an emergency report facility as well as being platform for informational and educational material with regards to child safety.

We have over 60 000 members on our Facebook page alone excluding the individual networks of our board members, volunteers and other affiliates which makes for **incredibly efficient, instant mass distribution of flyers, within moments of an incident**.

We are based in the **Western Cape** but operate on a **national** level and as such, are the **most recognised, free community service for missing individuals** in the country.

The service MCSA offers to the community and government is invaluable and as you can imagine we certainly have our work cut out for us. We provide **our services free of charge** to anyone who needs us. Sadly we **don't necessarily enjoy the same privilege** for our needs and our financial requirements quite often outweigh our resources! **We rely solely on the goodwill of individuals and corporations for financial support**.

### **Some General Safety Tips:**

- There is NO WAITING PERIOD for reporting a person missing to the nearest police station.
  - Should you report a person to the police station and the police officer tells you to come back after 24 hours, demand to speak to the station commander. Or, alternatively, contact Missing Children SA and the organisation will intervene and assist wherever possible.
- When reporting a person missing to the police station, the following information will be required along with a recent photograph:
  - Full name of missing person
  - Age of missing person
  - Description of missing person
    - Eye colour
    - Hair colour/style
    - Height
    - Weight
    - Distinctive marks – scars/birthmarks
  - Where was the person last seen
  - Clothes the person was wearing
- We have an informal document that serves as a guideline to parents about what will be needed by SAPS when a child goes missing. We call it the Interim ID Kit. It can be downloaded from our website or send us an e-mail and we will be sure to send you an electronic copy.
- Teach your children the basic safety tips, also available from our website.

For other ways to get involved, please visit [www.missingchildren.org.za/page/get-involved/](http://www.missingchildren.org.za/page/get-involved/).

To report a missing person, go to [www.missingchildren.org.za/page/report](http://www.missingchildren.org.za/page/report).
